Kleber

Notes and features

- The Kleber Cropker is a premium crop tyre for tractors in the 80-200 hp performance range.
- Compared with its predecessor, the Kleber Super 3, the Cropker offers a higher load capacity and the double identifier D/A8.
- It can be used as a FRT (Free Rolling Tyre) on towed vehicles with with a load surcharge of up to 20% at 40 km/h.
- Thanks to the special root-friendly lug shoulders, plants in row crops are optimally protected.
- Its tread pattern reinforced in the centre of the tread provides improved driving and steering precision and longer mileage.
- Due to the shape of the lugs and the spaces between them, the tyre offers very good self-cleaning properties.
