Sonderpostenkategorie	DA

Notes and features

- Innovative tyre for tractors from 80 to more than 300 hp.
- The tyre has innovative double-stacked lugs with two anchor points to increase grip.
- The reinforced lug base significantly reduces vibrations, wear and fuel consumption.
- In addition, these double-edge lugs strengthen the terrace-like lug spaces and thus increase the self-cleaning properties of the tyre.
- Improved pressure range: +0.6 bar enables higher inflation pressure and thus higher payload than other VF/ 60 tyres present on the market.
- Beside the standard, recommended rims, narrower rims are also permitted.
