Notes and features

- The RE Power is a hot retreaded tyre for use on trucks.
- It is a German quality product, which we have manufactured by our long-standing partner in one of the most state-of-the-art retreading plants in northern Germany.
- Due to the multiple usage of the casing, retreaded tyres conserve resources, protect the environment and are very economical.
- Because of its eco-friendly characteristics, the tyre is marked with a circumferential green marking stripe and an embossed ECO logo.
- Careful testing before retreading ensures reliable casing quality.
- Highest mileage and unlimited reliability can be guaranteed.
